

AMERICA'S AFFORDABLE HEALTH CHOICES ACT

QUALITY AFFORDABLE HEALTH CARE

WHAT'S IN THE HEALTH CARE REFORM BILL FOR YOU?

Without reform, the cost of health care for the average family of four is projected to rise \$1,800 every year for years to come—and insurance companies will make more health care decisions.

America's middle class deserves better. Here's what America's Affordable Health Choices Act means for you:

LOWER COSTS

- No more co-pays or deductibles for preventive care
- No more rate increases for pre-existing conditions, gender, or occupation
- An annual cap on your out-of-pocket expenses
- Group rates of a national pool if you buy your own plan
- Guaranteed, affordable oral, hearing, and vision care for your kids

GREATER CHOICE

- Keep your doctor, and your current plan, if you like them
- More choice, with a high quality public health insurance option competing with private insurers

HIGHER QUALITY

- You and your doctors make health care decisions — not insurance companies
- More family doctors and nurses will enter the workforce, helping guarantee access
- Mental health care must be covered

STABILITY & PEACE OF MIND

- No more coverage denials for pre-existing conditions
- No more lifetime limits on how much insurance companies will pay
- No reason to ever make a job or life decision again based on health care coverage
